## NEW JUVENILE HALL PROJECT

**Addenda: 7**

**2/9/17 2:00 PM 16-02767 8811**

Salinas

\$37,000,002 to \$38,200,000

Plan Issuer: County of Monterey

831-755-4806 831-755-4958

Prebid Conf: MAND 12/16 2 pm @ site

Class B. This Type II New Juvenile Hall Project will replace the original late 1950's facility. The new facility will be constructed in phases with existing buildings being demolished to make way for the new recreation yard and support buildings. Upon completion, the facility will provide approximately 63,438 square feet (sf) of total building area and approximately 100,108 sf of site improvements on 9.217± acres of the greater 38.407± acres of county owned land in Salinas. The completed 120-bed facility will be laid out in a campus style design with a central 1-1/4 acre recreation yard surrounded by four housing buildings and support buildings. Two new 30-bed medium security housing buildings will be approximately 7,176 sf with single and double rooms, and the new 30-bed high-security housing building will be approximately 9,715 sf with single and double rooms. Each new housing building will have three 10-bed housing units with connecting dayroom and showers surrounding a central multi-purpose room, staff-support spaces, and an outdoor recreation area. Additionally, the high-security housing building will provide on-unit classrooms and a satellite medical exam room. The base project includes the renovation of the existing 4,775 sf medium-security dormitory housing building; the renovation includes the remodel two existing housing units, one with 10 beds and one with 20 beds, with existing day room and programming space retained. Program services space will be provided at each housing building for education; religious services; counseling; substance abuse classes; group counseling; mental health evaluations; and, other programs to reduce recidivism. The new administration building provides spaces for contact and non-contact visitation; central control; medical facilities; staff offices; intake processing; release; staff training; staff locker rooms; staff break room; equipment storage; and, maintenance shop with direct access to the new juvenile hall campus. The project provides a new central kitchen, dining, laundry and warehouse building, and a school/gymnasium building with a teacher resource room, educational offices and staff support areas directly off a large recreational yard. Primary security and visual supervision for the new facility will be provided by the new central control room, which will utilize closed circuit television to provide visual control and assist in the control of the security perimeter fence line. Central control will have visual supervision of the housing units, attached outdoor exercise areas, and program spaces. Each new and existing housing unit will also be monitored by a smaller unit security station, located off the multi-purpose room.

### **RFQ - ON-CALL ENGINEERING CONSULTANT SERVICES FOR VARIOUS PUBLIC WORKS PROJECTS**

**Addenda: 2****2/17/17 4:00 PM 17-00066**

Hollister

Plan Issuer: County of San Benito

831-636-4170

831-636-4176

This RFQ is for on-call engineering and engineering support services as may be necessary for public works projects in the County. These services include general civil and transportation engineering, structural engineering, geotechnical engineering and materials testing, water resources engineering, construction engineering/management, and surveying.

It is the intent of the County to engage one or more consultants to provide professional services as described herein. However, the County reserves the right, at its sole discretion, to terminate this RFQ process or negotiations with a selected consultant and either perform the work with its staff or begin a new RFQ process. Nothing herein, or in this process, shall be construed as having obligated the County to pay for any expenses incurred by respondents to this RFQ, or to the selected consultant(s).

RFP/RFQ Contact: Miguel Sanchez (831) 636-4402

## **JOC FOR FACILITIES - MINOR CAPITAL OUTLAY PROJECTS**

**Addenda: 0**

**2/16/17 2:00 PM** 16-02951 JOC 16-042 San Luis Obispo

Plan Issuer: Cal Poly Facilities Planning & Capital Projects

805-756-2581

805-756-7566

Prebid Conf: MAND 12/15 10:30 am @ Calpoly, Facilities Building (#070), Room 110

A JOC is a competitively bid, firm fixed-priced, indefinite quantity contract. The scope of work includes a collection of detailed repair and construction tasks and specifications that have established unit prices. Contractors are bidding on a mark-up, not on a project cost. The University intends to enter into a JOC agreement with the successful bidder for the accomplishment of repair, alteration, modernization, rehabilitation, demolition and minor construction of infrastructure, buildings, structures, or other public works.

JOC Contract Documents will be available on CD at no cost to contractors. The CD will be distributed to those contractors who attend the Mandatory First Pre-Bid Conference. Please Note: This is the only way to receive contract documents for the Job Order Contract. They will not be available before the Mandatory Pre-Bid Conference and will not be mailed, with the exception of additional sets requested by attendees after the Mandatory Pre-Bid Conference.

Bidders must be prequalified with the Trustees. Contractors shall register and log in to "PlanetBids" to apply for prequalification at [http://www.calstate.edu/cpdc/cm/contractor\\_prequal\\_bidders.shtml](http://www.calstate.edu/cpdc/cm/contractor_prequal_bidders.shtml).

## **PROJECT/CONSTRUCTION MANAGEMENT SERVICES WITH MASTER ARCHITECTURAL SERVICES**

**Addenda: 0**

**2/16/17 3:00 PM** 17-00092 1405 San Luis Obispo

Prebid Conf: 1/25 @ 10am- 1585 Kansas Avenue, San Luis Obispo

The County of San Luis Obispo (County) is currently soliciting Requests for Proposals (RFP) from qualified firms to provide comprehensive Project/Construction Management (PM/CM) services with Master Architectural (MA) Services for the New County Fire and Sheriff Co-Located Dispatch Facility to be constructed through a Design/Build (D/B) delivery process.

The purpose of the RFP is to award an all-inclusive consultant contract to provide the County with project management and architectural services from the project needs assessment and facility programming through architectural design bridging documents, Design/Build proposal selection, design evaluation and negotiation processes, and ultimately through construction including project closeout. The intent is to administer services under one contract for a consultant team with the PM/CM as the primary lead firm, and the Master Architectural and other consultant services as necessary provided either within the PM/CM firm, or as a sub-consultant to the PM/CM firm.

## **NEW SAN JUAN CREEK PEDESTRIAN BRIDGE**

**Addenda: 0**

**2/23/17 3:00 PM** 17-00213 300485 Shandon \$1,049,000

The Project is located at the easterly end of the town of Shandon over San Juan Creek. The project consists of the design and construction of a new pedestrian-bike bridge over the 260-foot wide San Juan Creek.

## **NEW KLAU CREEK BRIDGE AT CYPRESS MOUNTAIN DRIVE**

**Addenda: 0**

**2/23/17 3:00 PM** 17-00214 300432 San Luis Obispo County \$2,096,000

This project will replace the existing bridge on Cypress Mountain Drive at Klau Creek (Bridge No. 49C0033) in rural San Luis Obispo County, west of Paso Robles. The existing one-span timber bridge on stone masonry abutments was built in 1953. Due to the age and condition, it will be replaced with a new single span concrete bridge. The bridge has been determined to fall below Caltrans criteria of a sufficiency rating of 50 for structural deficiency, which leads to replacement as the cost effective bridge rehabilitation alternative.

## #1775 DE ANZA COLLEGE LCW IDF ROOM - FOOTHILL DE ANZA COLLEGE DISTRICT

**Addenda: 0**

**2/23/17 2:00 PM** 17-00154 #1775 Cupertino

650-949-6163

Plan Issuer: Foothill-De Anza College

Prebid Conf: MAND 2/1 at 10AM (Administration Building, Room 106)

Replace the temporary Move-NCool air conditioning unit at the Learning Center West (LCW) IDF closet with a new split system HVAC unit. The scope of the project will entail, but not be limited to, procuring and installing a complete split-system HVAC unit for the IDF closet and for components on the roof of the LCW. This includes: purchase and install a complete split system AC unit; provide electrical power from specific locations and panels including conduits, conductors, waterproof boxes, etc. to the split system components; provide all associated piping, fitting, etc. as defined to complete the split system and including condensate drain lines and connections to existing facilities; modify the roofing at the locations shown and install the complete roof mounted components.

Project Contact: Annette Perez

## THEATER ACCESSIBILITY & ENTRANCE IMPROVEMENTS (TAEI) STAGE FLOOR SURFACE REPLACEMENT SJCC - SJECCD (ONLINE)

**Addenda: 0**

**2/23/17 2:00 PM** 17-00159 G-2010.0161 San Jose

\$46,000

Plan Issuer: San Jose Evergreen Community College District  
carlos.marques@sjeccd.edu

408-270-6431

408-239-8807

Prebid Conf: MAND 2/7 at 10AM

Prep existing floor by removing existing muslin "ground cloth". Remove all staples from the wood holding ground cloth to the stage floor, the floor will need to be patched after removing old scenic show items installed into the floor. Full sanding of the existing wood floor planks and patches to provide a smooth surface before the hardboard is installed. Install approximately 120 sheet of 1/4" tempered both sides hardboard countersunk screwed to the existing stage floor. Precise cuts around floor pockets, trap floor platforms, and other items at edges will be required. The hard board at the wings on either side downstage of the proscenium will require to be glued to the existing concrete floor for a smooth transition from side stage wing to stage floor and orchestra lift. Replace both existing fire doors at proscenium wall with new thresholds so doors can clear new floor surface. The new floor will be painted with two coats of theatrical floor paint.

--------	---------	----------	---------------	--------------

Plan Issuer: Scotts Valley Unified School District 831-438-1820 831-438-2314

Prebid Conf: MAND 2/2 3:30 pm @ 4444 Scotts Valley Drive, Suite 5B

Request for Sealed Proposals For Lease-Leaseback Construction Services Construction of the Scotts Valley Middle School Campus Modernization Project.

The scope of the Work is the new construction of a library building, an administration building (modular construction), three classroom buildings (including pre-fabricated components), and a gymnasium; and the modernization of three classroom wings and a multi-purpose building. The Work will occur on an approximately 8.5-acre District-owned site located at 8 Bean Creek Road, in Scotts Valley, Santa Cruz County, California. The Project will include approximately 52,394 square feet of buildings. Athletic facilities will include the new gymnasium and locker rooms, as well as resurfacing of existing basketball courts. Extensive site work to accommodate utilities work and accessible path of travel throughout the site is also included in the project.

You can be licensed and still not be able to use 'contractor' in your name! I will 'clarify' an answer for a "C-9". It's one for all and all for one in a Joint Venture and pay extra attention as we 'demolish' the question on RME's for another contractor...

Q: We have a Joint Venture (JV) license made up of three companies. We want to obtain another license number with a different business name, but with the same three entities. Will the CSLB allow the same Joint Venture partners to have two separate license numbers with different business names?

A: Yes, the CSLB allows for Joint Venture applicants to have two separate license numbers with two different business names even if they are made up of the same entities.

Q: We are a "C-21" (Building Moving/Demolition) Contractor and we recently hired an employee who previously had a license for the "A" (General Engineering), "B" (General Building), and "C-8" (Concrete) classifications. His license expired in 2014. We'd like to use him as a Responsible Managing Employee (RME) to add those classifications to our license. I assume we need to reactivate his license and then what paperwork would be required after that point?

A: In fact, you are not required to reactivate his license prior to adding him as the RME on your license for the three additional classifications. Actually, an RME is only permitted to be on one active license at a time, so if you were to reactivate his license and then apply for him to be added to your license as an RME, the CSLB would respond requesting that he Inactivate his license.

With regards to the required paperwork you would need to submit the Application for Additional Classification. Only one classification

can be requested a time, and an individual can only have one application in process at a time so you will need to complete three separate applications, and space them out accordingly.

Q: I applied for a "C-9" (drywall) license recently and the technician at the State who is handling my application contacted me and informed me that I cannot use the word "Contractor" in my business name. When I let her know I had already registered my business name with the CA Secretary of State and it was approved, she said I would need to come up with a DBA (Doing Business As) name. How is it my name is acceptable with the Secretary of State but not the CSLB?

A: There are many times when a business name is acceptable with the Secretary of State but not the CSLB, however I think there may have been a bit of a misunderstanding in your case. Anyone applying for a Contractor's License can use the word "Contractor" in their business name *provided it meets B&P Code Section 7059.1*, which requires the name style to be in line with the classification you hold. If a word in your business name is vague, it needs to be clarified. For example, a drywall contractor cannot use the business name "ABC Contractor Inc.", but "ABC Contractor Inc. dba ABC Drywall Contractor" or simply "ABC Drywall Contractor" would be acceptable since you are describing the contracting work you are licensed to do.

While knowledge is power, knowing where to go for the answers is half the battle. Get expert assistance immediately when you call 866-443-0657, email [info@cutredtape.com](mailto:info@cutredtape.com), or write us at Capitol Services, Inc., 1225 8th St. Ste. 500, Sacramento, CA 95814. ## SMART EFFICIENCY FINANCING IS HERE

A better, faster way to pay  
for your home upgrades

### Why CaliforniaFIRST?

**Easy  
Financing**

**Government  
Supported**

**Trusted  
Contractors**

**Lower  
Utility Bills**

CaliforniaFIRST is a public/private financing program that provides upfront funding for home energy efficiency, renewable energy, and water saving improvements. Simply apply, complete your projects, and repay on your property taxes over the course of up to 25 years.

CaliforniaFIRST is a Property Assessed Clean Energy (PACE) program. This innovative form of financing was created in partnership with state and local governments to encourage energy and water efficiency and to create jobs. And because CaliforniaFIRST is government supported, we're able to offer affordable long-term financing.

*After looking at a number of different ways to finance the work, CaliforniaFIRST offered by far the best choice. I can make my home more comfortable and more energy efficient and maybe even increase its value. It's a win all around!*

# Safety Tip of the Week

## CONFINED SPACES

A 'confined or enclosed space' means any space having a limited means of access and egress, which is subject to the accumulation of toxic or flammable contaminants, has an oxygen deficient atmosphere, or could possibly cause suffocation due to entry of liquids, granulars, etc. or harm from corrosives, acids, etc.

Confined or enclosed spaces include but are not limited to storage tanks, process vessels, bins, boilers, ventilation or exhaust ducts, sewers, underground utility vaults, tunnels, pipelines, and open top spaces more than 4 feet in depth such as pits, tubs, vaults and vessels.

Caution is a must! Only fools will rush in and this means rescuers as well. If in doubt, check with your supervisor. Always be sure to follow the host employer's requirements. New OSHA rules require that the employer follow specific procedures before anyone enters a confined space.

The responsible host contractor or employer and your supervisor, using standard tests, must determine if ventilation or atmospheric conditions within the space are hazardous, and whether any special safety equipment is required such as protective clothing, respiratory equipment, etc. Once this has been done make sure that everyone going into the confined space is familiar with exactly what work is to be done. Everyone involved must know what to do should an emergency take place. In other words, be prepared for the unexpected! In addition, a competent attendant; trained in rescue procedures, C.P.R. and first aid must remain outside and stay in constant contact with those inside.

If the owner's policies and procedures concur with OSHA regulations, and we in turn follow these requirements, confined space work should be done accident free. Remember, confined spaces are dangerous. Look out for yourself as well as your co-workers. Before you jump in, check it out!

**ALWAYS CHECK THE AIR INSIDE A VESSEL BEFORE YOU ENTER ONCE YOU'RE INSIDE IT'S TOO LATE! CHECK FOR OXYGEN CONTENT, FLAMMABILITY OR AN EXPLOSIVE ATMOSPHERE.**
