State Oversight Commission Slams California's Licensing Process

The State of California's oversight entity known as "The Little Hoover Commission" released a report this week which slammed the state's business licensing process and the agencies who administer them, for barriers to entry. As reported in the Sacramento Bee this morning:

"Add navigating California's byzantine professional license standards to the list of obstacles a job applicant faces after leaving the military or getting out of prison. That system – in place since the Gold Rush – often places a disproportionate burden on some of the state's most vulnerable residents, according to a new report from the Little Hoover Commission (a copy of the report is attached to this week's update).

It calls attention to the barriers California places in front of four groups of people who commonly move from state to state, or who are beginning new careers after major life changes. They are veterans, military spouses, former criminal offenders and professionally trained immigrants. In many cases, the report said, California adopted professional license requirements to protect consumers. But over time, those standards can be used to favor those who already have them to prevent others from pursuing new careers.

"Getting government out of the way of people finding good jobs is a bipartisan issue," said Little Hoover Commission Chair Pedro Nava, a former assemblyman. "California must review all of its licensing regulations and assess whether the level of consumer protection provided justifies barring entry to occupations and limiting access to services." The state now requires about one in five working Californians to obtain some kind of professional license, up from one in 20 in the 1950s. That ratio is just about average among the 50 states.

But the Little Hoover Commission found that almost two-thirds of occupations with modest wages – careers that tend to earn someone less than the national average income – require licenses in California. Only Washington, D.C., and Louisiana demanded more from people pursuing careers in lower-wage fields."

Many of you may recall an article we ran earlier this year that discussed the CSLB staffs' proposal to create a new **C-1 Non-Structural Remodel and Repair Contractor Classification** which would have provided a new sub-classification to the existing B General Contractor. The thought was that allowing someone to be licensed in one craft without structural experience would create a strong incentive for many unlicensed contractors to become licensed and could be used as a 'stepping stone' to add other license classification in the future. Unfortunately, the contractors and union members on the board strongly expressed their opposition and the entire effort was 'swept under the table.' More on this subject in future updates!

Remember, Contractors Licensing Center is your one-stop 'shop' for ALL of your licensing, incorporation and business needs. Please don't hesitate to contact us to inquire as to how we may be of assistance to you and your company.

MARINA HEIGHTS 6000 SERIES - VILLOSA

Addenda: 0

10/10/16 3:00 PM 16-02453

Marina

Plan Issuer: Wathen Castanos Homes, Inc.

559-423-8181

559-432-8595

Wathen Castanos Peterson Homes Inc. is soliciting qualified bids for our newest project in Marina. This new project will be called "Marina Heights 6000 Series" and/or "Villosa" and will be located near Imjin Parkway and Abrams Drive in Marina. This project is the first of two projects we will be doing in the Master Planned development of Sea Haven.

The Marina Heights 6000 Series project consists of 105 existing Lots in the Marina Heights Tract 1428 in Marina. This Master Planned Community is called Sea Haven and consists of 1,050 Lots that we intend to build on.

There will be 4 plans. They will be the Plan 1, Plan 2, Plan 3, & Plan 4. The first single story, and the last 3 are 2 story. We are projecting models to begin in the middle of July, with production houses beginning in the middle of October. Starting in February the production flow should be 4 to 5 starts per month.

Please email your bids to Jeff Cooks no later than the due date of October 10, 2016 at jeffc@wchomes.com and Marta Hamp at martah@wchomes.com.

<u>NOTICE INVITING LICENSED CONTRACTORS</u>							Addenda: 0
	12/30/16	5:00 PM	16-01553		Carmel		
Plan Issuer: Carmel Unified School District dpaul@carmelunified.org						831-624-6311	

Notice is hereby given that the Board of Education for the Carmel Unified School District has elected to utilize the alternative bidding procedures set forth in Public Contract Code section 22032 et seq. and shall develop and maintain a list of qualified contractors, identified according to categories of work, in accordance with the provisions of Public Contract Code section 22034 and criteria that the California Uniform Cost Accounting Commission promulgates from time to time. Notice is further provided that District is inviting all licensed contractors to submit the name of their firm to the District for inclusion on the District's list of qualified bidders for the 2016 calendar year.

Persons or companies interested in being included on the District's list of bidders for the 2016 calendar year shall provide the name and address to which a Notice to Contractors or Proposal should be mailed, a phone number at which the contractor may be reached, the type of work in which the contractor is interested in doing and currently licensed to do (earthwork, pipelines, electrical, painting, general building, etc.), together with the class of contractor's license(s) held and contractor license number(s).

Contractors interesting in being included on the District's list of bidders for the 2016 calendar year may submit the above-described information in person or by U.S. Mail to:

Carmel Unified School District

Attn: Dan Paul

PO Box 222700

Carmel, CA 93922

It is the sole responsibility of the person submitting such information in person or by U.S. Mail to ensure that is delivered to the District and includes all requested information. Any contractor providing a submittal that lacks the information set forth herein will not be added to the District's list of prequalified bidders for the 2016 calendar year.

NOTICE TO INTERESTED GENERAL AND SPECIALTY CONTRACTORS

Addenda: 0

12/30/16 5:00 PM 16-00733 Santa Cruz County

Plan Issuer: Housing Authority of Santa Cruz Co. 831-454-5928 831-469-3719

The Housing Authority of the County of Santa Cruz requests responses from qualified General Contractors and Specialty Contractors, including but not limited to: Concrete, Electrical, Painting, Plumbing, Roofing and similar specialty classifications. The Housing Authority is developing a list of pre-qualified contractors to provide construction services for a variety of on-going facility maintenance and modification projects – including vacant unit turnovers, service work and similar. Contractors will be evaluated based on the nature of services required and the qualifications of the Contractor. Depending on nature and location of work, select prevailing wage rates will apply to jobs.

Interested Contractors must complete a "Contractor Information" form. Contractors must submit completed forms to the Housing Authority office located at:

Housing Authority of the County of Santa Cruz
2931 Mission St.

ATT: Peter Rogers
Santa Cruz, CA 95062

This Notice will remain open - there is no deadline for submitting a written "Contractor Information" forms.

Please contact Peter Rogers at 831-454-5928 with questions.

A large, light blue sign with a brown border and a scalloped edge. The text "Inspired HOME & GARDEN EXPO" is written in blue and red. The word "Inspired" is in a smaller font above "HOME". "HOME" is in large blue letters, "&" is in red, "GARDEN" is in large blue letters, and "EXPO" is in large blue letters. Below the text are two large, textured, light brown starfish. The sign is mounted on a blue wooden background.

- Asphalt Grinding
- Subdivision Site Work Development

What's in a name? We hold 'class' for this 'general' answer on contractor regulation. Another Lone Star contractor hopes to 'address' a question on long-distance 'supervision'. We find it unfortunate to inform a daughter that despite the loss her worthy ambition is not experience in applying for a license number...

Q: Our business name has the word "Solar" as part of it. We currently have the "B" (General Building), the "C-10" (Electrical), and the "C-46" (Solar) classifications. We need to replace our Qualifier but our new employee has only taken the exams for the 'B' and the 'C10'. We don't really need the "C-46" classification so we are going to let it drop off of our license. When I called the CSLB to inform them of our situation, the person I spoke with said we would need to change our name to eliminate "Solar" since we are no longer a "C-46" contractor. Is there any way around this? We've been in business for over 20 years and don't want to lose our company name.

A: It depends. A company can only use the word "Solar" in the generic term if they hold the "C-46" classification. For example, if your business name is "ABC Solar", you would be required to have a "C-46" classification on your license. However, you are allowed to use the word "Solar" in your business name if you have either the "A" (General Engineering), "B" (General Building), or "C-10" (Electrical) as long as it is descriptive to your classification. Such as, "ABC Solar Electrical" ("C-10"), or "ABC Solar Construction" ("B").

Q: We are applying for a new license for our Texas Limited Liability Company (LLC) and we have an employee who has been with us for over 20 years and is involved in all of our projects. He sometimes works 60 hours a week. We are wanting to obtain a California license, but reading the regulations, we are wondering if he should use a California address based on the need to "supervise", or is it okay to use his actual address on the application, which is in Texas? Will he still meet the requirements of an RME

if he doesn't have a California address?

A: It is perfectly acceptable for an Responsible Managing Employee or Responsible Managing Officer to reside out of State and still fulfill their duties as RME/RMO. There is no requirement for a Qualifier to be on every job site. Your RME is required, per Board rule 823, to be working at least 32 hours per week or 80% of the company's operating time.

Q: My Dad recently passed away and I want to take over his Contractor's license. I haven't technically been an employee but I've been involved in his business doing estimating, design, coordinating meetings with other contractors, etc. This is all while holding my full time job as a real estate agent. How do I get his license number under my name? I don't want to have to take any tests.

A: Unfortunately you will not qualify for the license unless you have four years of full time work experience (within the last ten). Further, you will need to document at least one year of practical experience, meaning hands-on. The CSLB does not consider estimating, design, or coordinating meetings with other contractors, as relevant work experience for qualifying for a Contractor's License. They need to see that you've performed and/or supervised the work in the trade you are applying for. I'm sorry to hear of your loss.

While knowledge is power, knowing where to go for the answers is half the battle. Get expert assistance immediately when you call 866-443-0657, email info@cutredtape.com, or write us at Capitol Services, Inc., 1225 8th St. Ste. 500, Sacramento, CA 95814. Research past columns at www.cutredtape.com.

Discount Fuel Program for CCBA Members

The Flyers Fuel Program offers member discounts of 2-5 cents per gallon at over 240,000 gas stations throughout the United States. In addition, you can utilize their Fleet Management System that helps members control costs, set limits on fuel services, and streamline reporting. Contact Irish Chapman to sign up today to sign up or to get your free fuel cost analysis.

- 5 cents per gallon discount at CFN sites
- 2 cents at gas stations everywhere

SMART EFFICIENCY FINANCING IS HERE

A better, faster way to pay
for your home upgrades

Why CaliforniaFIRST?

**Easy
Financing**

**Government
Supported**

**Trusted
Contractors**

**Lower
Utility Bills**

CaliforniaFIRST is a public/private financing program that provides upfront funding for home energy efficiency, renewable energy, and water saving improvements. Simply apply, complete your projects, and repay on your property taxes over the course of up to 25 years.

CaliforniaFIRST is a Property Assessed Clean Energy (PACE) program. This innovative form of financing was created in partnership with state and local governments to encourage energy and water efficiency and to create jobs. And because CaliforniaFIRST is government supported, we're able to offer affordable long-term financing.

After looking at a number of different ways to finance the work, CaliforniaFIRST offered by far the best choice. I can make my home more comfortable and more energy efficient and maybe even increase its value. It's a win all around!

Safety Tip of the Week

SCREWDRIVERS

The screwdriver is very versatile and certainly one of the most common and frequently used -- or misused - tools we have. It comes in many sizes and lengths. The first time you may have used one was when you were a child to adjust the chain guard on your bicycle.

Screwdrivers are usually made of well-tempered steel bar or rod, flattened or shaped at one end to fit into the slots in screw heads. The other end of the bar is fitted into a handle of wood, plastic, etc., which is often reinforced to prevent splitting.

Screwdrivers are found in various craft worker's tool boxes or pouches. Carpenters, millwrights, electricians, mechanics, painters and plumbers all use them in their daily work. As with all hand tools, it is up to the user to make certain that his or her screwdrivers are in good shape; therefore, you should inspect them before each use. Look for split or cracked handles and check the tips to make sure that they are not damaged. It just takes a few seconds to make a quick check, but those seconds could make the difference between an injury and just another turn of the screw.

When using a screwdriver use it as the manufacturer intended. It is designed to be held with a firm grip and used with a turning motion. A screwdriver is not intended to be used as a pry-bar; nor is it intended to be used as a chisel. Using a screwdriver instead of one of these tools could cause the tip or shaft to chip or snap resulting in an injury. Avoid hitting the top of the handle with a hammer or other tool as this may cause the handle to crack or break.

When carrying a screwdriver, keep it pointed away from your body with the sharp end pointing down. A lot of workers have the bad habit of putting screwdrivers in their back pockets with the pointed end sticking up; loss of balance, a backward fall, or even a quick turn could result in a serious puncture wound.

Treat all sharp pointed tools with respect. Prevent unnecessary accidents by carrying and using them with safety in mind.

Workers Compensation Insurance

Developed by California Exchanges for the Construction Industry

Golden State Builders Exchanges (GSBE) in partnership with Tangram Insurance Services is excited to present a new insurance program developed specifically for the construction industry. Golden State Builders Exchanges (GSBE) Contractor Program, Powered by Tangram, is committed to improving the safety and risk management of the construction community as well as providing savings and stability to its members.

The Golden State Builders Exchanges (GSBE), an organization represented by your local exchange, understands the construction economy and how insurance costs can impact an organization's bottom line. We support your growing business by providing a competitive contractors group plan.

ACCESS TO THE PROGRAM

This program can be accessed by any licensed broker representing a GSBE member.

Please have your broker request a quote through gsbesubmissions@tangramins.com or call (707) 781-7381.

Please include the following criteria with each submission:

- Exchange Group Number
- Acord
- Supplemental
- 5 years of current loss runs

In the event you do not have a broker and would like to access the program, you can request a quote through gsbe@selectsolutions.com or call (866) 500-6359 for more information.

PROGRAM DETAILS

- Insurance Program and safety services are available to active, participating exchange members
- Group policyholders must be members within 30 days of policy inception. Membership info can be found at www.gsbe.net
- Meet Tangram's underwriting standards and guidelines for eligibility in our program
- Apart from your annual insurance buying process, GSBE and Tangram strive to support your safety and risk management training and education to maintain an optimal premium rate

Take advantage of this discounted workers compensation program now. Contact us today for a quote!
